MICAH

Hey, everyone. So I'm still staying with Devon. Our landlord is getting the security system set up, and a locksmith is supposed to come today to install deadbolts on the outside doors. Like, brand new ones. It's um... It's kind of odd how much safer it feels up here on the second floor. Anyway.

I've been thinking about what happened and how I asked the Providence listeners to keep an eye out. Thanks again to the few people who emailed me. But after the break-in, plus all that stuff with the book and my dream, I just, um... I need to feel like I'm not losing my mind. All this stuff... it just... that it... that it can't just be me, I hope.

And Devon and Elia did say that the podcast could be a good way to connect with people. So let's try it out. I set up a Google Voice number, so if you have any experiences with insomnia, night terrors, feeling like you're being watched, particularly in the woods on a hike... anything like that, you know. You can give me a call. The number is 401-753-2877. I won't be picking up the phone, so if you're anxious about talking to me, don't worry. I completely feel that. But if you want to talk through something, or just share an experience? Call, leave a voice mail and, you know, maybe I'll play it on a later episode. My inbox is also still open. It's zorroyoso@gmail.com. So that's Z-O-R-R-O-Y-O-S-O at gmail, in case you prefer to write.

Thanks. I hope to hear from some of you.
