MICAH [Voiceover]

Hey, it's Micah. I know it's been a while. I'm sorry. I... We had to go dark. It wasn't safe. I'm not even sure if it is now... but we don't really have a choice.

Our feed has been silent, but we've still been looking, searching for answers. We might even have some.

You might notice that things are a little different this time around. I can't explain right now, but it will make sense to you as you listen. I promise.

We'll keep going for as long as we can. Until we find the truth. To anyone out there listening... Wish us luck.

We need it.
